Electives

Students should work with an advisor to select only articulated transfer or career courses as electives to satisfy the 60 credit hour graduation requirement. Because requirements vary among institutions and from state to state, students should request assistance in determining course transferability from their academic advisor. No course numbered below 100 will apply toward graduation.

Courses may also include:

- Courses required by Black Hawk College and/or the transfer school for a particular major.
- Additional courses selected from the GECC.
- Courses that transfer from other institutions and coded by Black Hawk as UPP.
- Up to four credits of physical education activity courses will count toward graduation. The PE Varsity Sports Courses will be evaluated as activity courses for the purpose of graduation if taken before spring 2021.
- Up to twelve credits of applied music lessons will count toward graduation.
- Course that meet's BHC's Non-Western Studies requirement if not taken within the GECC.
